The home of Mr. and Mrs. L. J. Owen was the scene of an enjoyable mid-summer affair on Wednesday evening of this week, when they entertained a party of young people in their usual pleasing manner.

During the early part of the evening the guests played "five hundred" and in conclusion pretty favors were awarded to Misses Lucy Purdum, Helen McLean, Merna Robinson, and Oliver Andrews. The entire party were then invited to the John McDougall home where dancing was enjoyed for some time after which lunch was announced ready for serving in the Owen home. The remainder of the evening was interspersed with musical selections both vocal and instrumental, rendered by the guests, while Roscoe Wright presided at the piano during the musical interludes and pleased all with his abilities. At a late hour the guests departed, having passed a most pleasant and enjoyable evening.

Choosing a time appropriate for the occasion, and just before they left on a honeymoon trip, the wedding of Miss Minnie Moscatelli and S. C. Redd was solemnized at her home on Sunday morning at 5 o'clock, with the Rev. Allan Krichbaum officiating. Only the immediate relatives were present and after a wedding breakfast the young couple left on the 6 o'clock train. Both bride and groom are well known among the young people in camp and with their other many friends, join in extending the happy couple congratulations and best wishes.

Miss Lucy Purdum, our well known candidate for the democratic nomination for County Superintendent of Schools, returned to Morenci this week from a canvass of voters in Clifton and Duncan, having launched her campaign in these places on her way back from a short rest after the close of school. Miss Purdum is working hard for her nomination on September 8th.

About thirty-five tennis enthusiasts assembled at the Morenci Club on Friday evening of last week in response to a call to all interested in tennis, for the purpose of organizing a tennis club. Dr. A. M. Tuthill was appointed temporary chairman and outlined in a general way the benefits of a club instead of the present manner of running the court and sociability among the players. Suggestions and ideas on the subject were asked and freely given, and many interesting points were brought to the notice of those present. A vote was finally called as to the organization of a club and the disposition was unanimous. The question of rules, and by-laws was brought up at this point and it was decided that the chairman appoint five members to draw up a set to govern the club and report with the same at the next meeting of the club. The following composed the committee: A. T. Thomson, T. B. Conselman, W. H. Inch, W. P. Weller, and C. B. Macreath. The meeting then adjourned to meet on Friday evening, July 31.

Many new and interesting matches, tournaments with handicaps, and social affairs are anticipated as a result of the new club which promises to be one of the largest in the state. Investigations are also now under way as to playing at night under powerful lights and as this is looked upon with considerable favor, the general public will without a doubt have a chance to witness tennis games at night, something that only a few clubs over the United States have.

The Morenci Athletic Park has been working over-time recently in connection with the many baseball games that spring up within a day and are settled over Saturday afternoon and Sunday. It may be added in this connection that the warm weather many have something to do with it, and a certain prize or two to be enjoyed by all is always paid for by the losers of the game. On last Saturday afternoon the D. C. M. Co. machine shop team crossed bats with the A. C. machine shop team and when the smoke cleared the fast D. C. team had piled up a score of 15 to 5 against them. The game started after work on Saturday and they played only seven innings, but the A. C. bunch were perfectly satisfied they were beaten at that stage of the game. On Sunday afternoon the machine shop team placed another victory to their credit when they trimmed a team made up from the P. D. M. Co., store employees, to the tune of 15 to 5. Quite a number of spectators were present and thoroughly enjoyed the game. On Sunday morning the employees of the A. C. store played ball with the boys of the mining office with the result that the mining office team crossed home plate with 13 runs to the store team's 3 runs. It was some game, it is said, and cooling refreshments were served to the players during the entire affair.

MORENCI CLUB SECURES  
TALENTED STAGE PLAYERS

Manager Krichbaum of the Morenci Club announces that he has secured for the coming Autumn and Winter season one of the most attractive series of entertainments in lines of theatricals, five distinct companies of players talented in vocal and instrumental music, vaudeville sketches and in opera comprising the series, which is placed by the Redpath Lyceum Bureau.

These various bands of players are of the best in their respective roles of the vaudeville, musical and operatic stage, and represent a choice of an extensive range of offerings of various entertainment associations.

On October 24th the Kellogg-Haines Singing party, composed of five artists will perform at the Club. The list of features offered by these songsters includes selections from the best known grand and light operas, and from classical musical literature. No opera in its entirety will be rendered, only the most beautiful selections from a number of the most popular and renowned of the operas being played. Quartette selections will be interspersed with solos.

On November 28 the Killarney Girls will be with the Morenci people at the Club. Seven of the most gifted and bewitching singing girls on the American stage compose this company, which is lead by Miss Rich, who makes happy specialties in rendering in costume and dialect, the several nations' songs especially Ireland. Singing and instrumental music in company, and in solo, with costume representation, will comprise the entertainment offered by this company, which for its renditions of Irish songs from the simple to the classical, will afford rare enjoyment to those who favor the Emerald Isle.

The Collegians, a male quartette, will be on the Morenci Club boards January 19th, with a selection of college songs, both old favorites and new ones, and in addition with a repertoire that includes the most versatile list of selections of vaudeville character yet seen in Morenci. Each of the four young fellows is an artist in solo work, besides having voice that blends perfectly in company.

The Harmony Concert Party, of four members each of whom plays a number of instruments, will be here on a date not yet named, although expected to be in February. These performers together will play the following instruments, besides rendering with voices, harps, violins, mandolins, banjos, guitars, flute, piano, xylophone, and saxophone.

On March 4 will appear Manlove, character delineator, whose work for years in this line has made for him a reputation as one of the highest in this difficult art. The men and peculiar characters of every nation are so accurately shown, and with such gravity or levity that humor is contagious.
